Hi Dr. Wangen!

Thank you so very much for the birthday greeting! That's very thoughtful!

I have been so happy with the results of your prescribed treatment of my IBS. You can certainly count me as one of your successes — Plus, I lost 15 lbs. which I have been able to keep at bay! I now am able to go anywhere and feel confident that I will not have an "accident" — it's surprising to me how many people are all having the same problem! I always give them your name!

Thanks again!
